Model: QN-LAGUNA-6P

LAGUNA

Imagine a net gently breaking the surface, then slowly emerging with a cascade of water droplets trickling through and shimmering with light. Laguna uses a hand-made open framework design in Brushed Gold as the foundation in this artistic interpretation. Clear glass droplets fall at varying lengths, casting the light. Minimal hanging wires ensure the net itself appears to float, as a candle cluster emits light from within.

PORTABLE LIGHTING

Our elegant table lamps feature artisan-made bases in mouth blown glass and hand decorated ceramics, all of which are European made. We then make the lampshades for these by hand and add the various metal parts to assemble these into stylish finished lamps.

Bring accent colours, practical and ambient lighting into your living spaces with this collection of unique table lamps.

Model: QN-HAVERING-TL

ILLUMINATE BOTH SHADE
AND BASE WITH THESE
UNIQUE TABLE LAMPS

A 4-way switch enables you to illuminate the gorgeous glass base as well as the UK hand-made fabric shade. So depending on your mood, you can select from tranquil lighting effects to a more functional output. Look out for products with the Dual-Lit logo.

NB. These mouth blown glass products (p240-253) may vary slightly in production size, pattern and colour due to the nature of the craft.

WARRANTY INFORMATION

GENERAL 2 YEAR WARRANTY

All fittings supplied from this catalogue, both interior and exterior, have a manufacturer's minimum guarantee of 2 years. This means that in normal and fair service, (and without incorrect or inappropriate installation or location), any product sold by Quintiesse or its partners should have no fault develop within a minimum of 2 years from purchase. Any fault that is found is covered by guarantee to be repaired or replaced at the suppliers cost, within this period.

3 YEAR ANTI-CORROSION WARRANTY

Many outdoor fittings have anti-corrosion guarantees stated on each relevant page. This guarantee relates to the corrosion of paintwork on cast aluminium or steel fittings, and excludes locations within 5 miles of the coastline. Fittings that have been damaged, repainted or cleaned with an aggressive cleaner may be excluded.

5 YEAR ANTI-CORROSION WARRANTY

This guarantee relates to the corrosion of paintwork on composite or solid brass parts. In the instance that fittings have been damaged, repainted or cleaned with an aggressive cleaner they may be excluded from the entitlement to a replacement.

GENERAL NOTES

ALL Quintiesse warranties/guarantees do not cover out of pocket expenses or consequential costs. Prior to agreeing to replace any fittings, the company reserves the right for the original seller or a representative of the company to inspect the damaged parts and for photographic evidence to be supplied.

We and our suppliers constantly try and improve products and we reserve the right to alter small specifications & design or finish details without prior notice.
