Od ponad 50 lat produkujemy lampy, które oświetlają domy na całym Świecie.

Największą wartością firmy są ludzie, którzy ja tworzą. Dzięki ich umiejętnościom i doświadczeniu (projektowanie, wybór komponentów, technologia produkcji) tworzymy piękne, funkcjonalne, wytrzymałe i niezawodne lampy.

Staramy się, aby lampy, które produkujemy były najjaśniejszym elementem Twojego domu. Podczas projektowania nowych modeli chcemy, aby nadały pomieszczeniu wyjątkowy charakter i idealnie je oświetliły. Podczas produkcji dbamy o każdy szczegół, aby Twoje wnętrze było idealnie oświetlone na długie lata.

For over 50 years, we have been creating lamps that illuminate homes all over the world.

Very valuable achievements of the company are people who create it. Thanks to their ability and experience (designing, selecting material and production technology), we create beautiful, functional, durable and reliable lamps.

We strive to make our lamps they were the brightest point in your home. When designing them, we want them to give your interior an original character and perfectly illuminate them. During production, we take care of every detail so that your interior is illuminated reliably and as long as possible.

Ewa i Kamil Mrozek

*Ostrzeżenie dla Użytkowników opraw oświetleniowych z funkcją półki.

Informujemy, że dla zapewnienia bezpieczeństwa oraz prawidłowego użytkowania opraw oświetleniowych z funkcją półki, nie wolno stosować żywych roślin. Stosowanie żywych roślin oraz wilgoć może prowadzić do wystąpienia zagrożeń. Wilgoć oraz podlewanie żywych roślin może powodować przedostawanie się wody do elementów elektrycznych oprawy, co może skutkować zwarciem i porażeniem prądem oraz spowodować zagrożenie pożarem.

Dla Państwa bezpieczeństwa oraz długotrwałej, bezproblemowej eksploatacji opraw oświetleniowych, zalecamy wyłącznie używanie sztucznych roślin, które nie wymagają podlewania i pielęgnacji, a jednocześnie zapewniają estetyczny wygląd.

*Warning for Users of lighting fixtures with shelf functionality

Please be advised that for the safety and proper use of lighting fixtures with shelf functionality, the use of live plants is strictly prohibited.

Using live plants and the associated moisture can lead to several hazards. Moisture and watering of live plants can cause water to seep into the electrical components of the fixture, which may result in short circuits, electric shock, and fire hazards.

For your safety and the long-term, trouble-free operation of your lighting fixtures, we recommend using only artificial plants. These do not require watering or maintenance and still provide an aesthetically pleasing appearance.

Producent zastrzega sobie prawo do dokonywania zmian w oferowanych modelach nie zmieniając ich ogólnego charakteru. LUMINEX nie ponosi jakiegokolwiek odpowiedzialności za nieścisłości pojawiające się w informacjach zawartych w niniejszym katalogu, a użytkownik powyższego katalogu korzysta z takich informacji na własne ryzyko. W żadnym wypadku LUMINEX nie ponosi wobec stron trzecich odpowiedzialności za jakiegokolwiek szkody bezpośrednie, pośrednie, o charakterze ubocznym, wynikające z niniejszego katalogu, a w szczególności za utratę zysków. Powyższy katalog nie jest ofertą w rozumieniu przepisów kodeksu cywilnego.
